About Us

Global Debt Registry supports original creditors to senior lenders, underwriters and investors to more efficiently participate in the structured credit market with a new trust paradigm

ePledge

- The independent, systemic management tool for collateral pledge risk
- Ensures a single, accurate pledge position
- Enhances UCC filing with independent account level system of record
- Allows industry participants to reduce errors and mis-pledging

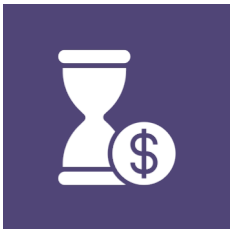

Immutable Diligence

- Immutably recorded, independent due diligence at origination
- Enables faster access downstream to diligence in support of warehousing, transactions and securitization (15G SEC disclosures)
- Reduces repetitive costs and provides increased investor assurance

GDR is a Private Equity backed FinTech company that provides loan level management solutions for the structured credit markets utilizing Hyperledger Fabric blockchain. GDR's SOC1 & SOC2 compliant infrastructure helps to more efficiently manage lending facilities through to securitization and enables lenders to attract more permanent capital. The Company is led by a team of senior executives from Thomson Reuters, Credit Suisse, BlackRock, BNY Mellon, MBNA and Barclays. Further information can be found at www.globaldebtregistry.com.
